## A new system?

Posted by gamepopper101 - 2008/07/13 08:27

---

Hey,

I'm going to Retro Fusion representing <http://www.screwattack.com> and I was wondering, is it too late to contribute a system to play on?

Because I was thinking if I could bring my DS or GBA along with a "never been released in Europe" Nintendo E-Reader along with all my e-cards. If yes, I'll ask if anyone is going to the event and owns a Gamecube with a Gameboy Player and an LCD screen, that'll make it easier for me.

Finally, is there anything else I need?

=====
